- As all other classes I've taken with this professor, I learned a lot. Dr. Toll is easily one of the greatest professors when it comes to assisting students with questions. He is always on top of making sure students are clear on what is being said during lecture, and always helps when it comes to letting students ask questions about the tests that we have.
- Benjamin Toll tries too hard to be funny. He wants to be relatable and so he makes too many jokes it becomes a lag on the class with many sudden short breaks in the lesson where you're supposed to fake a smile. This makes it difficult to care what's going on.
- Best professor at this university
- Dr. Toll is a great professor and a great guy in person. He cares about his students, he is passionate about the material, and he is excellent at making the students engaged and want to listen. The tests, quizzes, and assignments were reasonable and I learned a lot from this course. I would recommend this class to future students and I look forward to more classes with Dr. Toll.
- Dr. Toll is an amazing instructor, his class is very organized and well structured.
- I enjoyed this class, it was fun and our Professor tried his best for us to get to know each other by having us to go into groups. It was a nice environment to be in.
- I liked Prof. Toll and his Poli 110 class. I feel like I learned quite a bit about how government works and going over government spending was interesting. He is a Cubbies fan though. That's one thing, I would like him more if he was a Tigers fan haha
- I loved this class, it was a joy going to class with a professor like Dr. Toll. He is very knowledgeable and understanding, he knows how to make class interesting. I hope to take a class with him again in the future.
- I think Dr. Toll was a great teacher for this course. Definitely knew what he was talking about and he always would help out in our times of confusion and was always willing to help if we needed it.
